

Briumvi in India

The CDSCO named-patient coordination pathway — indicative 2026

NEUROLOGY · RELAPSING MULTIPLE SCLEROSIS

The clinical situation

Briumvi (ublituximab-xiyy) is a glycoengineered IV anti-CD20 monoclonal antibody FDA-approved for relapsing forms of multiple sclerosis, distinguished by a shorter infusion time than earlier anti-CD20 therapies. Manufactured by TG Therapeutics. The regimen is 150 mg Day 1, 450 mg Day 15 (over approximately one hour), then 450 mg every 24 weeks. Pre-treatment workup covers hepatitis B, immunoglobulins, vaccination review, and baseline infection screen per FDA labelling.

The pathway, 5 steps

- 1 Consultation & clinical rationale.** Your neurologist documents MS subtype per McDonald criteria, MRI review, prior DMTs, and Briumvi rationale.
- 2 Baseline screening.** Hepatitis B, immunoglobulins, vaccination review/update, and baseline infection screen per FDA labelling.
- 3 CDSCO named-patient application.** Physician or hospital pharmacy files clinical rationale, patient reference, dosing calendar, infusion-facility plan, and chain-of-custody commitment.
- 4 US-side sourcing & cold-chain logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner with validated 2–8°C shipment.
- 5 Arrival & first infusion.** Infusion facility administers Day 1 and Day 15 loading with premedication; subsequent six-monthly cycles follow.

Indicative economics

Reference US cash-pay range: USD 28,000–34,000 per Briumvi maintenance infusion (drug-only reference; Reserve Meds provides a transparent delivered quote at intake).

Indicative first-dose timing

7–14 days from a complete CDSCO application to first dispensation, once cohort intake opens. Indicative — not guaranteed.

Reserve Meds's role

Sourcing. US-licensed specialty wholesale partner, DSCSA chain-of-custody from TG Therapeutics authorised distribution.

Documentation. Physician kit tailored to CDSCO review, with anti-CD20 class safety annex. **Logistics.** Validated cold-chain internationally tracked shipment. **Concierge case lead.** Named point of contact for family and physician through each six-month cycle. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating physician.
