

# Leqvio in UAE

*The MoHAP named-patient coordination pathway — indicative 2026*

CARDIOLOGY · HYPERCHOLESTEROLAEMIA

## The clinical situation

Leqvio (inclisiran) is an FDA-approved GalNAc-conjugated siRNA that silences hepatic PCSK9, indicated as adjunct to statin for heterozygous familial hypercholesterolaemia (HeFH) and established ASCVD requiring additional LDL-C lowering. Manufactured by Novartis. Dosed 284 mg SC at day 0, month 3, then every 6 months. Refrigerated shipment; in-clinic administration.

### The pathway, 5 steps

- 1 Consultation & lipid workup.** Treating cardiologist or lipidologist confirms HeFH or ASCVD with elevated LDL-C on max-tolerated statin; baseline LDL-C documented.
- 2 Treating centre & prescription confirmed.** A UAE cardiology / lipid clinic (Abu Dhabi or Dubai) issues the prescription and commits to in-clinic SC administration schedule.
- 3 MoHAP named-patient application.** Clinical rationale, lipid profile, prescription, and product details are filed for MoHAP review.
- 4 US-side sourcing & cold-chain logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner; refrigerated shipment booked to each dose date.
- 5 Administration & monitoring.** SC administration in clinic at day 0, month 3, then every 6 months; periodic LDL-C monitoring per label.

### Indicative economics

**Reference US cash-pay range:** USD 3,500–4,500 per dose (twice yearly after induction) drug-only. Cold-chain logistics, MoHAP documentation, clinic fees, and concierge coordination are incremental. Full transparent quote at intake.

### Indicative first-dose timing

**7–14 days** from a complete MoHAP application to first-dose delivery, once cohort intake opens. Indicative — not guaranteed.

## Reserve Meds's role

**Sourcing.** US-licensed specialty wholesale partner, DSCSA chain-of-custody. **Documentation.** MoHAP named-patient package with lipid workup. **Logistics.** Cold-chain, temperature-monitored shipment coordination. **Concierge case lead.** Named point of contact for family and physician through the full process. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating cardiologist.

**COMPOSITE EXAMPLE · PRE-LAUNCH WAITLIST**

**Join the Leqvio × UAE first-cohort waitlist.** *Our concierge reaches out as we open intake.*
