

# Ongentys in Qatar

*The MOPH named-patient coordination pathway — indicative 2026*

NEUROLOGY · PARKINSON DISEASE ADJUNCT

## The clinical situation

Ongentys (opicapone) is an FDA-approved oral peripheral COMT inhibitor indicated as adjunctive therapy to levodopa/carbidopa in Parkinson disease patients experiencing end-of-dose “off” episodes. Manufactured by Neurocrine (licensed from BIAL). Standard dosing is 50 mg once daily at bedtime, at least one hour before or after food and taken apart from the last levodopa dose; ambient-storage oral capsule.

### The pathway, 5 steps

- 1 Consultation & clinical rationale.** Your treating neurologist documents PD with motor fluctuations on stable levodopa, confirms eligibility, and writes the prescription.
- 2 Treating centre confirmed.** A Qatari tertiary movement-disorder clinic in Doha or affiliated HMC facility accepts the case.
- 3 MOPH named-patient application.** Clinical rationale, patient reference, and product details are filed with the MOPH pharmacy & drug control department.
- 4 US-side sourcing & logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner; ambient-temperature shipment.
- 5 Arrival & administration.** Patient begins bedtime dosing under physician monitoring; motor diary / “off”-time reassessment at 4-8 weeks.

### Indicative economics

**Reference US cash-pay range:** USD 800–950 per 30-day supply. MOPH documentation, logistics, and concierge coordination are incremental. Full transparent quote at intake.

### Indicative first-dose timing

**7–14 days** from a complete MOPH application to first-dose delivery, once cohort intake opens. Indicative — not guaranteed.

## Reserve Meds's role

**Sourcing.** US-licensed specialty wholesale partner, DSCSA chain-of-custody. **Documentation.** Regulatory package for your physician and MOPH review. **Logistics.** Ambient-temperature shipment coordination. **Concierge case lead.** Named point of contact for family and physician through the full process. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating physician.

**COMPOSITE EXAMPLE · PRE-LAUNCH WAITLIST**

**Join the Ongentys × Qatar first-cohort waitlist.** *Our concierge reaches out as we open intake.*
