

# Vonjo in the UAE

*The MoHAP named-patient coordination pathway — indicative 2026*

ONCOLOGY · MYELOFIBROSIS WITH THROMBOCYTOPENIA

## The clinical situation

Vonjo (pacritinib) is an oral JAK2/IRAK1/FLT3 inhibitor FDA-approved for adults with intermediate or high-risk primary or secondary myelofibrosis with a platelet count below  $50 \times 10^9/L$ , a population traditionally under-treated by first-generation JAK inhibitors. Manufactured by Sobi. Dosing is 200 mg orally twice daily. Pre-treatment workup covers CBC with platelets, LFTs, hepatitis B screen, TB screen, ECG and QT assessment, and IPSS/DIPSS risk scoring per FDA labelling.

### The pathway, 5 steps

- 1 Consultation & clinical rationale.** Your haematologist documents MF subtype, risk score, platelet count below 50, and Vonjo rationale.
- 2 Baseline workup.** CBC, LFTs, HBV/TB screen, ECG/QT assessment, bone marrow review per FDA labelling.
- 3 MoHAP named-patient application.** Physician or hospital pharmacy files clinical rationale, patient reference, and chain-of-custody commitment.
- 4 US-side sourcing & logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner with controlled-ambient shipment.
- 5 Arrival & first dose.** Dispensing pharmacy releases the first 30-day supply; monthly refill cadence and monitoring established.

### Indicative economics

**Reference US cash-pay range:** USD 22,000–26,000 per month of Vonjo (drug-only reference; Reserve Meds provides a transparent delivered quote at intake).

### Indicative first-dose timing

**7–14 days** from a complete MoHAP application to first dispensation, once cohort intake opens. Indicative — not guaranteed.

## Reserve Meds's role

**Sourcing.** US-licensed specialty wholesale partner, DSCSA chain-of-custody from Sobi authorised distribution.

**Documentation.** Physician kit tailored to MoHAP review, with MF risk-score and thrombocytopenia-focused rationale annex.

**Logistics.** Controlled-ambient internationally tracked shipment. **Concierge case lead.** Named point of contact for family and physician through monthly refills. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating physician.

**COMPOSITE EXAMPLE · PRE-LAUNCH WAITLIST**

**Join the Vonjo × UAE first-cohort waitlist.** *Our concierge reaches out as we open intake.*
