

Voxzogo in India

The CDSCO named-patient coordination pathway — indicative 2026

RARE DISEASE · ACHONDROPLASIA

The clinical situation

Voxzogo (vosoritide) is an FDA-approved CNP analogue indicated for patients aged 5+ (now expanded paediatric) with achondroplasia and open epiphyses. Manufactured by BioMarin. Dosed as a daily subcutaneous injection, weight-based. Refrigerated shipment and storage are required; blood pressure must be monitored given the drug's natriuretic-peptide vasodilatory mechanism.

The pathway, 5 steps

- 1 Consultation & genetic confirmation.** Treating paediatric endocrinologist or skeletal-dysplasia specialist confirms FGFR3 variant and open epiphyses; weight-based dose calculated.
- 2 Treating centre & prescription confirmed.** An Indian tertiary paediatric centre (Delhi, Mumbai, Chennai, Bengaluru) issues the prescription and commits to growth and BP monitoring.
- 3 CDSCO named-patient application.** Form 12A / personal-import documentation is filed: clinical rationale, genetic report, prescription, and product details for CDSCO review.
- 4 US-side sourcing & cold-chain logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner; refrigerated shipment booked.
- 5 Training, dispensing & monitoring.** Caregiver-administered SC injection training provided; growth velocity and BP tracked per label; refills coordinated on a 30-day cycle.

Indicative economics

Reference US cash-pay range: USD 320,000–400,000 per year drug-only, weight-based. Cold-chain logistics, CDSCO documentation, and concierge coordination are incremental. Full transparent quote at intake.

Indicative first-fill timing

7–14 days from a complete CDSCO application to first-fill delivery, once cohort intake opens. Indicative — not guaranteed.

Reserve Meds's role

Sourcing. US-licensed specialty wholesale partner, DSCSA chain-of-custody. **Documentation.** CDSCO named-patient / Form 12A package with genetic confirmation. **Logistics.** Cold-chain, temperature-monitored shipment coordination. **Concierge case lead.** Named point of contact for family and physician through the full process. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating specialist.
