

# Vumerity in Saudi Arabia

*The SFDA named-patient coordination pathway — indicative 2026*

NEUROLOGY · RELAPSING MULTIPLE SCLEROSIS

## The clinical situation

Vumerity (diroximel fumarate) is an oral fumarate FDA-approved for relapsing forms of multiple sclerosis. Manufactured by Biogen. Diroximel fumarate is a prodrug of monomethyl fumarate with an improved gastrointestinal tolerability profile versus dimethyl fumarate. Dosing titrates over one week from 231 mg twice daily to the 462 mg twice-daily maintenance dose. Pre-treatment workup covers CBC with absolute lymphocyte count, LFTs, and renal function; ongoing monitoring targets lymphopenia and hepatic signals per FDA labelling.

### The pathway, 5 steps

- 1 Consultation & clinical rationale.** Your neurologist documents MS subtype, MRI review, prior DMTs, and Vumerity rationale.
- 2 Baseline workup.** CBC with absolute lymphocyte count, LFTs, renal function per FDA labelling; GI-tolerability plan documented.
- 3 SFDA named-patient application.** Physician or hospital pharmacy files clinical rationale, patient reference, titration plan, and chain-of-custody commitment.
- 4 US-side sourcing & logistics.** Reserve Meds coordinates product through our US-licensed DSCSA-compliant specialty wholesale partner with controlled-ambient shipment.
- 5 Arrival & first dose.** Dispensing pharmacy releases the one-week titration starter and monthly maintenance supply.

### Indicative economics

**Reference US cash-pay range:** USD 96,000–110,000 per year of Vumerity (drug-only reference; Reserve Meds provides a transparent delivered quote at intake).

### Indicative first-dose timing

**7–14 days** from a complete SFDA application to first dispensation, once cohort intake opens. Indicative — not guaranteed.

## Reserve Meds's role

**Sourcing.** US-licensed specialty wholesale partner, DSCSA chain-of-custody from Biogen authorised distribution.

**Documentation.** Physician kit tailored to SFDA review, with fumarate-class GI and lymphopenia safety annex. **Logistics.**

Controlled-ambient internationally tracked shipment. **Concierge case lead.** Named point of contact for family and physician through titration and monthly refills. **We are a coordinator** — not the prescriber, not the dispensing pharmacy. All clinical decisions remain with your treating physician.
